

Flexible vacuum pump tubes in PVC

The internal structure is reinforced, making these tubes particularly suitable for plants that need flexible connections but, at the same time, high resistance to squashing, to atmospheric agents and to many chemical products.
Size of skein: at least multiples of 10 m.

Art. TVF

| Art. | Ø nominal | Ø Int. d | Ø Est. d | Radius |
|------------|-----------|----------|----------|--------|
| TVF 1/4" | 1/4" | 10 | 15.5 | 50 |
| TVF 3/8" | 3/8" | 12 | 17.4 | 60 |
| TVF 1/2" | 1/2" | 16 | 21 | 80 |
| TVF 3/4" | 3/4" | 21 | 26.2 | 90 |
| TVF 1" | 1" | 27 | 33.5 | 105 |
| TVF 1-1/4" | 1-1/4" | 35.7 | 42.5 | 175 |
| TVF 1-1/2" | 1-1/2" | 40.5 | 48.5 | 200 |
| TVF 2" | 2" | 52 | 60.5 | 260 |
