

Single-stage vacuum generator mod. EVM1

Used particularly for suction from one or more working areas, attached directly to one or more suction cups.

Art. EVM1C

Technical details	Unit of measurement	EVM1C
Working pressure	Bar	3.5
Max vacuum	-kPa	85.2
Suction cup attachment (U)		1/4" gas
Air compressed attachment (P)		1/4" gas
Exhaust air attachment (R)		1/4" gas
Mounting position		makes no difference
Air consumption at 3 bar	NI/min	48
Vacuum flow at 3.5 bar	NI/min	30
Weight	kg	0.096
