

Single-stage vacuum generator mod. EVM5C

Used particularly for suction from one or more working areas, attached directly to one or more suction cups

Art. EVM5C

Technical details	Unit of measurement	EVM5C
Working pressure	Bar	4.5
Max vacuum	-kPa	89.2
Suction cup attachment (U)		3/8" gas
Air compressed attachment (P)		3/8" gas
Exhaust air attachment (R)		3/8" gas
Mounting position		makes no difference
Air consumption at 3 bar	NI/min	99
Vacuum flow at 3.5 bar	NI/min	74
Weight	kg	0.245
