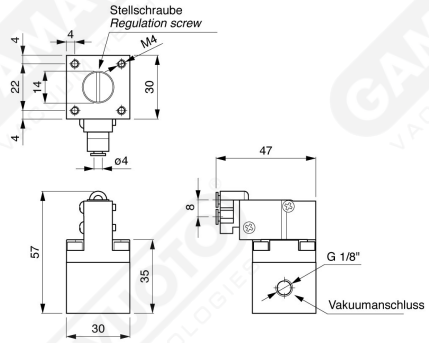
Pneumatic vacuum switch

Adjustable pneumatic vacuum switch, which thanks to a 2-way micro valve permits the opening or closing of a pneumatic passage. Particularly suitable for use with vacuum generators with compressed air for power management depending on the set vacuum.



Art. SVC

	Art. SVC/LP	Art. SVC/LPA
Adjustment range mbar ass.	930 ÷ 50	900 ÷ 40
Fixed differential mbar	70	100
Repeatability mbar	±5	±5
Idle signal	NC	NO
Working pressure bar	2 ÷ 8	2 ÷ 8
Max. capacity of 6 bar microvalve Nl/min	72	72
Working temperature °C	-10 ÷ +60	-10 ÷ +60
Weight g	104	102
